THE DOYLE BOND PLATES. The Secretary of the Treasury Pronounces

them Counterfells. Secretary Folger on Saturday made public the ecent investigations into the operations of Doyle, he notorious bond counterfeiter. He submitted the counterfeit plate to numerous experts, among whom were plate to innierous experts, among whom were George T. Jones, of the Columbia Bank Nots Company, Mr. Lamb, a plate printer and employe of that company, and George W. Tichenor, the geometrical lathe-worker in the Burcan of Engraving and Printing. The rumors that have been current in regard to changes in the Bureau of Engraving and Printing as a result of the report upon these counterfeit plates have never been credited by The Regulations. If removals are made in that bureau they will be from other causes entirely.

can be placed, and who enjoys entering upon any good work with his whole heart and soul.

There must have been some religious services going on up the river yesterday, indexing from the number of church members seen hiring row-boats in the meming. Up to 12 o'clock at night they were returning, many of them singing some good old-fishbioued hymn, while occasionally a boatload of miserable sinners would pass by and drown their sweet music with some infernal variety-concert song, devoid of even harmony.

Mr. John B. Bless has purchased the old Throckmortion estate, 122 acres, about one and a half miles from Falls Church. This a grand old place, and the view from the house is one of the finest to be had anywhere in this part of the country.

Judge Freeman, of the Post-Office Department, has recently taken possession of the Southgate mansion at Falls Church, and a beautiful place it is. An immense house, with plenty of wide porches, surrounded by a grove of magnificent shade trees, and sufficient ground (eleven acres) to supply all the fruit and vegetables needed.

Quite a number of the young people here are getting up parties to attend the excursion to be given by the National Rifle Cidets to-morrow evening down the river. The little fellows deserve great great credit, and no doubt the excursion will be a success.

LOCAL MENTION. A POLICEMAN'S REPORT.

GENTIEMEN:

My occupation is night policeman of the Eighth Precinct, this city. For a long time I was a great sufferer from general debility and night sweats. Two reputable paysicians failed to give me relief, so upon the advice and recommendation of a clerk in De Moll's drug store I commenced taking Brown's Iron Bitters. When I had taken baif a bottle I found that It was doing me good. After the second bottle was taken I was completely cured, and have been well ever since. I have given the Iron Bitters to my children, with such good effects that I most cheerfully recommend them.
